### THE ROMANIA COUNTRY RISK BRIEF

The Romania Country Risk Brief is a monthly risk analysis service launched by Marker Global. The Risk Brief mainly focuses on short-term risks, that can be more accurately predicted. The risk service helps clients interested in investing in Romania make informed and immediate decisions about the country's international creditworthiness. The Risk Brief is written by Giovanni Ravasio, the well-known expert on Romania. Every Risk Brief undergoes a rigorous checking procedure to ensure factual accuracy and the highest standards of forecasting. The Romania Risk Brief is the first in a series of emerging markets risk reports written by seasoned experts on each country covered.
